

MAKE IT HAPPEN.

The Alltec Laser Business Unit (LBU) is a leading international technology center for the design, development and manufacture of innovative solutions for laser marking, coding and engraving. ALLTEC, in the form of the Laser Business Unit, has since 2004 been part of the Product Identification Platform (PID) of Danaher Corporation (NYSE:DHR). The Laser Business Unit's highly developed products are brought to the market through the trusted brand names of powerful global sales partners. As Danaher PID's laser marking technology and expertise hub, the LBU supports all sales and service partners providing them with first class industrial laser marking solutions, expert support services and an unmatched application and design expertise.

In order to strengthen the capabilities of our motivated and dedicated team in the area of Finance, we are currently recruiting a qualified individual for the position of

Manager Controlling

You will work in a small team which is responsible for developing, coordinating and implementing financial and fiscal arrangements for the Alltec Laser Business Unit and for supporting as business partners the cooperation as well as the dialogue with external partners and with corresponding departments worldwide. With your participation in the budget and forecast preparation and with your proficiency in the analysis of financial results to identify variations and trends that indicate possible exposures and the need for countermeasures you will have a valuable contribution on our organizational performance and international growth strategy.

Analyzing and managing working capital as well as providing a cooperative and in the same time challenging cost, manufacturing, purchasing and R&D controlling including the cash-flow planning will be additional key aspects the role will involve. Furthermore you will take responsibility for the accurate monthly reporting as well as the month-end and year-end closings in accordance with US-GAAP and the optimization of the internal reporting structures with the objective of an improved risk management throughout the Alltec Laser Business Unit.

If you identify with the goals and ethical values of our company and are curious about multi-faceted experiences you should have the following qualifications:

- Professional experience in the finance department of an international industrial company or at an auditing company with experiences in cost accounting and controlling
- knowledge of factory accounting with respect to standard costing and inventory valuation is preferred
- a university degree in economics ideally with a focus on finance
- strong analytical skills and an ability to quickly absorb and understand new subject matter
- Very good MS-Office skills and knowledge of ERP systems

We can offer a position in an international environment with a wide range of responsibilities and excellent development opportunities to a person with strong interpersonal and excellent communication skills and the ability to work independently but in the same time the pleasure in working within a team setting. You should be stress resistant and able to work accurately with close deadlines. A proactive and goal-oriented hands-on approach and a high degree of self motivation as well as fluent English skill are required.

Your chance: ALLTEC Laser Business Unit. The Laser Marking Experts. If you are interested and would like to apply send your CV to our HR Manager Manuela Fritz at mfritz@alltec-laser.com. For more information, Manuela can be directly reached by phone on +49 38823 55316
